Background

I'm a senior graphic and multimedia designer with over ten years of combined experience in the creative industry. Passionate about creating impactful, visually engaging, and effective design solutions, I bring a strong mix of creativity, practical thinking, and brand understanding to every project.

My expertise spans a wide range of design disciplines, including:

Throughout my career, I've worked on many freelance, client-based, remote, and full-time projects across Egypt and Gulf-based markets. I have collaborated with companies and clients in different industries, including e-commerce, healthcare, medical clinics, cosmetics, logistics, tourism, hospitality, government-related projects, and corporate brands.

These experiences have allowed me to deliver diverse, professional, and market-ready visual solutions while building trust through designs that are clear, consistent, and aligned with each brand's goals.

Here is my Behance account, where you can find a selection of the projects I have contributed to across branding, advertising, social media, e-commerce, and visual design.
